

THE SUMMER SCIENCE SAFARI SUMMER CAMP 2018

The New Caney/Porter Week of:

Session 1	June 4, 2018
Session 2	June 11, 2018
Session 3	June 18, 2018
Session 4	June 25, 2018
Session 5	July 9, 2018
Session 6	July 23, 2018

Where Science and Summer Fun Meet!

Introduction

Since the Camp Director of the *Summer Science Safari* now lives in the Valley Ranch area of New Caney, we are proud to now offer students and parents this exciting camp in conjunction with our camps which have been long established in Kingwood/Humble and The Woodlands...In fact, you've probably seen one of our vans in the neighborhood.

At the *Summer Science Safari*, we believe ***the middle school/junior high years*** are a time for exploring and investigation...and having a lot of fun learning along the way. Young people are developing their dreams for the future at this age. At *Summer Science Safari*, we help students envision their futures. We pack as much science and learning into five days as we can, then top it off with lots of fun. Your student has seen the pictures in the science textbooks, now they can experience the science in action, first hand. Whether it's ***experiencing the fun of flying high at I-Fly or exploring the Hill Country by Zip-Line***, your child is sure to learn and see many fascinating things—not to mention having a great time. ***Who knows, we might even blow up something!***

We will promise you and your student a summer science camp experience that will far surpass ANYTHING we teachers could provide our students in the normal classroom environment at school. We promise that we will have something of interest for every student with an interest in ANY area of Science. ***From Microscopes to Telescopes, we cover it all.***

For 18 years, Joe Watson (Head Coach of the 2011 State Champion Riverwood Middle School (Kingwood) Science Olympiad Team and Head Coach of the 2013 State Champion Beckendorff Junior High (Katy) Science Olympiad Team) has conducted one of the best Summer Camps, around. With degrees in Meteorology and Secondary Education and Certifications in G/T and Earth and Life Sciences, he has over 27 years' experience teaching middle school/junior high students. Along with several other science professionals we have created a science adventure that you don't want to miss.

We will pick up and return students to New Caney Middle School in New Caney, however, all current year 5th through 8th graders IN THE AREA are eligible.

Rated as one of the top summer activities in the Kingwood/Humble area by the Houston Chronicle.

Itinerary

Minor schedule and activity changes are possible.

Day 1

Rock Climbing, Dinosaurs, and Scuba.... We will start the day with a favorite—**Rock Climbing**. We're really excited to offer a great way for the kids to "hang" with their friends. Next, we'll be heading over to the **Houston Museum of Natural Science** to check out some attractions and special events. Lastly, it is back to the area for a beginners **Scuba Diving lesson**. No prior experience needed for this day's dive. **Certified diving instructors** will introduce the kids to the world of scuba diving. Instructors will work with the kids and teach them all the do's and don'ts of scuba diving. Each child will be equipped with the **latest dive gear and instruction**, then they will spend time diving with a scuba tank in the dive school pool.

Day 2

This day we will head to Texas A&M University for a day of real science. We will begin our day with a tour of the **Texas A&M University Medical School**—one of the newest and most modern in the country... Then we are off to learn about **Nuclear Power** and get an up-close look at a **working nuclear reactor**. From there we will stop at **TEEX Fire Fighting School and Disaster City**; Disaster city is a mockup of a destroyed town. Crushed buildings, massive car pile ups, train wrecks and crashed airplanes are all used here to teach lifesaving skills. Then, it is on to a **Cold-Physics Presentation** by professors in the **Physics Department in the Stephen Hawking Auditorium**. *Have you ever stuck your hand in Liquid Nitrogen?* It will give you chills! Our last stop is the **Chemistry Department** where the students will be given a great **Chemistry Show**.... Sparks will fly! Look out for More adventures to be added.

Day 3

Today, we're off to **Schlitterbaun in New Braunfels, Texas** for a day of **breathtaking rides, cool streams, and entertainment**. Later, we will be staying at the **Exotic Resort Zoo in Johnson City** where llamas, camels, and all kinds of exotic animals come right to the fence at our log cabins...of course, there will be separate girls' and boys' cabins. We'll have a huge bonfire that night and a great pool. After a bit of settling in, we're off to **the Country Cupboard in Johnson City**. After dinner, we have a real treat in store to top off the evening.

Day 4

On this day we will be heading into Johnson City to visit the **Science Mill**, the best hands-on science experience in Texas. Next, it's on to the **Wimberley Zip-Line**. Here trained professionals will take us on a **Zip-line tour over the Texas Hill Country**. Emphasis will be placed on **ecology, safety, and fun**

Day 5

On our last day we'll be floating and flying...First, we start our final day with a tour of the **Houston Ship Channel by tour boat**. The students will see just how much is required to put ships to sea.

Next, we finish our week with a sky diving adventure at **I-Fly** where

All of this for only \$599.00 including all travels, tickets and entry fees.

Lunches, snacks, gifts, and souvenirs are all the responsibility of the parents and students.

All participants must be *currently* in Grades 5-8. There is a maximum of 13 participants to fill each session.

Additional applicants will be placed on a waiting list.

For additional information, please contact Joe Watson in The Woodlands Area at:

joe@summersciencesafari.com

or Call at 832-305-8572

The **Summer Science Safari** is a privately owned company and is not affiliated with any Public or Private School in any manner. *Pick Up and Return will be at McCullough Junior High School on Panther Creek Drive in The Woodlands.*

***Faxed* Credit Card Information Form**

For Security Purposes, Please Do Not Use This Form for Email!

Fax this along with the Registration Forms to 832-305-8874
