## ***Where Science and Summer Fun Meet!***

### Introduction

It's that time of year again and we've been working hard to prepare a science camp experience that will make your child excited about science. We will explore some new destinations as well as some old favorites. Your student has seen the pictures in the science textbooks, now they can experience the science in action, first hand. Whether it's ***experiencing the fun of flying high at I-Fly or exploring the Hill Country by Zip-Line***, your child is sure to learn and see many fascinating things—not to mention having a great time. ***Who knows, we might even blow up something!***

We believe ***the middle school/junior high years*** are a time for exploring and investigation...and having a lot of fun learning along the way. Young people are developing their dreams for the future at this age. At ***Summer Science Safari***, we help students envision their futures. We pack as much science and learning into five days as we can, then top it off with lots of fun.

We will promise you and your student a summer science camp experience that will far surpass ***ANYTHING*** we could provide our students in the normal classroom environment at school. We promise that we will have something of interest for every student with an interest in ANY area of Science. ***From Microscopes to Telescopes, we cover it all.***

For 19 years, Joe Watson (Head Coach of the 2011 State Champion Riverwood Middle School (Kingwood) Science Olympiad Team and Head Coach of the 2013 State Champion Beckendorff Junior High (Katy) Science Olympiad Team) has conducted one of the best Summer Camps, around. With degrees in Meteorology and Secondary Education and Certifications in G/T and Earth and Life Sciences, he has over 27 years' experience teaching middle school/junior high students. Along with several other science professionals we have created a science adventure that you don't want to miss.

We will pick up and return students to ***McCullough Junior High School on Panther Creek Drive in The Woodlands***, however, ***all current year 5<sup>th</sup> through 8<sup>th</sup> graders IN THE AREA*** are eligible.

Rated as one of the top Summer Camps at the ***ExxonMobil Campus***—Check Us Out!

## Itinerary

Due to the "Field Trip" nature of the Camp, minor schedule and activity changes are likely. Check Website, regularly, for updates.

### Day 1

**Rock Climbing, Dinosaurs, and Scuba....** We will start the day with an old favorite—a **Rock Climbing Lesson**. We're really excited to offer a great way for the kids to "hang" with their friends. Next, we'll be heading over to the **Houston Museum of Natural Science** to check out some attractions and special events. Lastly, it is back to the area for a beginners **Scuba Diving lesson**. No prior experience needed for this day's dive. **Certified diving instructors** will introduce the kids to the world of scuba diving. Instructors will work with the kids and teach them all the do's and don'ts of scuba diving. Each child will be equipped with the **latest dive gear and instruction**, then they will spend time diving with a scuba tank in the dive school pool.

### Day 2

**This day we will head to Texas A&M University for a day of real science.** We will begin our day with a tour of the **Texas A&M University Medical School**—one of the newest and most modern in the country. Then we are off to learn about **Nuclear Power** and get an up-close look at a **working nuclear reactor**. From there we will stop at **TEEX Fire Fighting School and Disaster City**; Disaster city is a mockup of a destroyed town. Crushed buildings, massive car pile ups, train wrecks and crashed airplanes are all used here to teach lifesaving skills. Then, it is on to a **Cold-Physics Presentation** by professors in the **Physics Department in the Stephen Hawking Auditorium**. *Have you ever stuck your hand in Liquid Nitrogen?* It will give you chills! Our last stop is the **Chemistry Department** where the students will be given a great **Chemistry Show....** Sparks will fly! Look out for More adventures to be added--like blowing up something!

### Day 3

Wednesday, we're off to **Fiesta Texas** in San Antonio for an afternoon of **brehtaking rides, cool streams, and entertainment**. Later, we will be staying at the **Comfort Suites in New Braunfels** where there will be separate girls' and boys' rooms. After dinner, we have a real treat in store.

### Day 4

On this day we start the day at **Natural Bridge Caverns** where the students will explore one of the finest show caverns in Texas. Next and new this year, we'll visit underwater meadow of **San Marcus Springs** and tour in **Glass Bottom Boats** where the students will see how the **Edwards Aquifer** feeds the area. Next, it's on to the **Wimberley Zip-Line**. Here trained professionals will take us on a **Zip-line tour over the Texas Hill Country**. Emphasis will be placed on **ecology, safety,**

and fun

### Day 5

On our last day we'll be floating and flying...First, we start our final day with a tour of the **Galveston Bay by tour boat wherel, in addition to great views, the students will get to study the ecology of the Bay**. Next, we finish our week with a sky diving adventure at **I-Fly** where the students will discover the thrill or this fun sport. **What a week?**

**All of this for only \$599.00 including all travels, tickets and entry fees.**

**Lunches, snacks, gifts, and souvenirs are all the responsibility of the parents and students.**

All participants must be in Grades 5-8 in the 2017-18 school year. There is a minimum of 10 and a maximum of 13 participants to fill each session. Additional applicants will be placed on a waiting list.
