Where Science and Summer Fun Meet!

Now Serving the Clear Lake City/Bay Area

Introduction

It's that time of year again and we've been working hard to prepare a science camp experience that will make your child excited about science. We will explore some new destinations as well as some old favorites. Your student has seen the pictures in the science textbooks, now they can experience the science in action, **first hand**. Whether it's experiencing **flying high at I-Fly** or **exploring the Hill Country by Zip-Line**, your child is sure to learn and see many fascinating things—not to mention having a great time. **Who knows, we might blow up something!**

We believe **the middle school/junior high years** are a time for exploring and investigation...and having a lot of fun learning along the way. Young people are developing their dreams for the future at this age. At **Summer Science Safari**, we help students envision their futures. We pack as much science and learning into five days as we can, then top it off with lots of fun.

For 19 years, Joe Watson (Head Coach of the 2011 State Champion Riverwood Science Olympiad Team in Kingwood and Head Coach of the 2013 State Champion Beckendorff Junior High Science Olympiad Team in Katy) has conducted one of the best Summer Camps, around. With degrees in Meteorology and Secondary Education and Certifications in G/T and Earth and Life Sciences and a Master's Degree in Secondary Education, he has had over 27 years' experience teaching middle school/junior high students. Along with several other science professionals we have created a science adventure that you don't want to miss.

This is our Second year to be offering this exciting camp in the Clear Lake City/The Bay Area.

We will pick up and return *students to Space Center Intermediate School*, however, **all current (SY 2019/2020) year 5th through 8th grade students IN THE AREA are eligible**. We're excited to bring this wonderful program to you, again, this year.

Itinerary

Due to the nature of our "field-driven" camp, minor schedule and activity changes are possible.

Day 1

Rock Climbing, Dinosaurs, and Scuba.... We will start the day with one of our favorites—a **Rock Climbing Lesson**. We're really excited to offer a great way for the kids to "hang" with their friends. Next, we'll be heading over to the **Houston Museum of Natural Science** to check out some attractions and special events. Lastly, it is back to the area for a beginners **Scuba Diving lesson**. No prior experience needed for this day's dive. **Certified diving instructors** will introduce the kids to the world of scuba diving. Instructors will work with the kids and teach them all the do's and don'ts of scuba diving. Each child will be equipped with the **latest dive gear and instruction**, then they will spend time diving with a scuba tank in the dive school pool.

Day 2

This day we will head to Texas A&M University for a day of real science. We will begin our day with a tour of the **Texas A&M University Medical School**—one of the newest and most modern in the country. Then we are off to learn about **Nuclear Power** and get an up-close look at a **working nuclear reactor**. Then, it is on to a **Cold-Physics Presentation** by professors in the **Physics Department in the Stephen Hawking Auditorium**. *Have you ever stuck your hand in Liquid Nitrogen?* It will give you chills! Our last stop is the **Chemistry Department** where the students will be given a great **Chemistry Show**.... Sparks will fly! We will even tour the Texas A&M Medical School and Veterinarian School. Look out for More adventures to be added.

Day 3

Today, we're off to **Schlitterbahn in New Braunfels** for a day of **breathtaking rides, cool streams,** and **entertainment.**

Later, we will be staying at the **Exotic Resort Zoo in Johnson City** where llamas, camels, and all kinds of exotic animals come right to the fence at our log cabins...of course, there will be separate girls' and boys' cabins. We'll have a huge bonfire that night and a great pool. After a bit of settling in, we're off to **the Country Cupboard in Johnson City**. After dinner, we have a real treat in store to top off the evening.

Day 4

On this day we will be heading into Johnson City to visit the **Science Mill**, the best hands-on science experience in Texas. Next, it's on to the **Wimberley Zip-Line**. Here trained professionals will take us on a **Zip-line tour over the Texas Hill Country**. Emphasis will be placed on **ecology, safety, and fun.**

Day 5

We will start off in Galveston for this last day of the camp. First, the students will **explore Galveston Bay by Boat**. During

this time, we will investigate the physical, chemical, and biological processes which make estuaries such highly productive systems. Students will learn to use Secchi Disks, Peterson Grabs, Nansen bottles, plankton nets and Otter Trawls. After lunch, head to **I-Fly** to some real aerodynamics. In addition to the joy of "FLYING," our kids will do some real Aerodynamic calculations on things like rubber balls and bears.... Wow, what a week it will be....

All of this for only \$649.00 including all travels, tickets and entry fees.

Lunches, snacks, gifts, and souvenirs are all the responsibility of the parents and students.

All participants must be in Grades 5-8 in the 2019/20 school year. There is a minimum of 10 and a maximum of 13 participants to fill each session. Additional applicants will be placed on a waiting list.

For additional information, please contact Joe Watson in the Clear Lake City/The Bay Area at:

joe@summersciencesafari.com

or Call at 832-305-8572

The **Summer Science Safari** is a privately owned and is not affiliated with any Public or Private School in any manner.

Pick Up and Return will be at Space Center Intermediate School at 17400 Saturn Lane, Houston, Texas 77058

You Can Register Using the Forms and Methods on the Next Page or Register Online at:

<https://forms.gle/5dbgWXGAHWReMsfX7>

If you register online, please bring in the following completed forms on the first day of camp!

Faxed Credit Card Information Form

For Security Purposes, Please Do Not Use This Form for Email!

Fax this along with the Registration Forms to 832-305-8874

Name on CC: _____

Type of CC: _____

CC Number: _____

Expiration Date: _____

Security #: _____

Billing Zip Code: _____

Cell Phone #: _____

Email Address: _____

You will receive a receipt by either text or email depending upon your preferences on your credit/debit card and from our credit card processor by email.

If you have any problems faxing, call 832-305-8572
